c. ACO Sharp provided an update on current issues in animal control.

1. There is a large black dog running loose in and around the Westpark neighborhood that has attracted a lot of attention on social media. The dog is not aggressive. This has been unresolved for several days due to the dog consistently running away.

2. ACO has picked up a few sick raccoons in the Westpark neighborhood over the past couple weeks.

3. Chief Babcock saw a recent news article indicating a skunk in North Fort Worth tested positive for rabies.

d. ACO Sharp solicited input from committee members for ideas of topics related to animal issues for the bi-monthly city newsletter.

Dr. Daniels advised her office receives monthly mailings from a few different publications with information that would be suitable. ACO Sharp will visit occasionally so these can be shared.
