With a passing of the “Shot-Clock Bill” (H.B. 3167) during the 86th legislative session of the Texas State Legislature, the Planning and Zoning Commission must approve, approve with conditions, or disapprove any standard final plat submitted to the city, along with their accompanying subdivision construction plans. If the plat and/or subdivision plan conform to adopted city development regulations, the Planning and Zoning Commission must approve.

Project Name: Whitestone Crest Phase 2

Request Type: Final Plat

Site Description: 19.165 acres, out of the E. Taylor Survey, Abstract No. 1560

Location: Planning Area “E”
East of Whitestone Crest Phase 1

Zoning District: “BR-PD” One-Family Reduced Planned Development District (Ord. No. 1365)

**Property Owner/
Developer:** SJ Rolling Hills Development, LP
Fort Worth, TX

Background

May of 2005: The Planning and Zoning Commission approved a preliminary plat for Whitestone Crest Phases 1 and 2.

Apr. of 2006: The final plats for both phases were submitted for review. With the economic down-turn and drop in the housing market at the time, the developer suspended the pursuit of final plat approval.

Apr. of 2014: The City Council approved Ordinance No. 1365, rezoning the Whitestone Crest Area, 38.91 acres of land, from “BR-PD” One-Family Reduced Planned Development District to “BR-PD” One-Family Reduced Planned Development District.

Dec. of 2014: The preliminary plat, approved in May of 2005, expired. A preliminary plat expires 2 years after its approval if a final plat application has not been submitted; or, 2 years after the filing of a final plat of property within the preliminary plat boundaries. The Planning and Zoning Commission approved the re-establishment of S-14-02 Whitestone Crest preliminary plat for 2 phases.

Mar. of 2017: The Phase 1 final plat was recorded and construction began thereafter. The Phase 2 final plat was never recorded.

Jun. of 2019: The preliminary plat expired in March 2019. The Planning and Zoning Commission approved a one year extension of the Dec. 2014 preliminary plat (S-14-02).

Planning and Zoning Commission

DATE: 8/13/2020	REFERENCE NUMBER: ZTA-20-02	SUBJECT: Consider Amendments to City Sign Regulations of Title 17 – Zoning of the Benbrook Municipal Code.	PAGE: 1 of 1
--------------------	--------------------------------	---	-----------------

Request Type: Zoning Ordinance Text Amendment

The purpose of the sign ordinance update is to improve readability, incorporate recent Supreme Court decisions, and clarify conflicting and vague regulations.

Summary

The following is a summary of the draft ordinance:

- Reorganized the sign chapter to make the regulations easier to find, understand, and implement.
- Created new purpose section.
- Removed sign definitions from Chapter 17.08 and place applicable sign terms and definitions within Chapter 17.92. Some definitions were either updated or removed to reflect City Attorney suggestions to comply with recent Supreme Court decisions, or to resolve conflicting regulations, such as “wall signs” and “projecting signs.”
- Created new temporary sign regulations. Based on City Attorney guidance, sign regulations should not be based on the sign’s content like “real estate sign”, “residential sign”, “political sign”, and “menu board sign”, among others. To avoid legal issues, yet still allow these signs as a practical matter, the City should allow additional signage when a certain condition exists on a property, but not tie the additional sign allowance to its content.
- Clarified the number of freestanding signs allowed on a property.
- Changes made to allow individual sign panel changes on freestanding signs, with an approved sign permit, so long as the sign’s location, height, cabinet(s), basic construction, and other significant characteristic remain unchanged and the total sign area does not increase.
- Signs constructed, placed, or maintained by the federal, state, or local government are exempt from zoning code.
- Removed redundant and/or conflicting administrative procedures.
- Removed variance process from the sign chapter, as the zoning ordinance already contains Chapter 17.16 – Board of Adjustment, which contains details on the authority of the Zoning Board of Adjustment and criteria for variance approval, as regulated by State Law.

Staff Recommended Motion

Move to recommend City Council adopt the zoning ordinance text amendment, as presented.

Next Steps

- Consideration by City Council

ORDINANCE NO.

AN ORDINANCE AMENDING TITLE 17 - ZONING OF THE BENBROOK MUNICIPAL CODE (1985), AS AMENDED, BY AMENDING CHAPTER 17.92 – SIGN REGULATIONS AND CHAPTER 17.79 – BENBROOK BOULEVARD CORRIDOR OVERLAY DISTRICT ESTABLISHING UPDATED SIGN REGULATIONS; AND AMENDING CHAPTER 17.08 – DEFINITIONS UPDATING VARIOUS SIGN DEFINITIONS; PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR A PENALTY FOR VIOLATIONS HEREOF; PROVIDING A SAVINGS CLAUSE; PROVIDING FOR PUBLICATION IN PAMPHLET FORM; PROVIDING FOR ENGROSSMENT AND ENROLLMENT; PROVIDING FOR PUBLICATION IN THE OFFICIAL NEWSPAPER; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Benbrook is a home rule city acting under its own charter adopted by the electorate pursuant to Article XI, Section 5 of the Texas Constitution and Chapter 9 of the Local Government Code; and

WHEREAS, Chapter 211 of the Local Government Code authorizes municipalities to regulate land use, structures, businesses, and related activities within its corporate limits for the purpose of promoting the public health, safety and general welfare of the community and protecting and preserving places and areas of historical, cultural and architectural importance and significance; and

WHEREAS, the City has previously adopted zoning regulations as Title 17 of the Benbrook Municipal Code (1985), as amended through Ordinance 1456; and

WHEREAS, a public hearing was held concerning this amendment, Case No. ZTA-20-02, by the Planning and Zoning Commission on the 13th day of August 2020 and by the City Council on the _____ day of _____ 2020; and

WHEREAS, the City Council has given published notice and held public hearings with the respect to the amendment to the Zoning Ordinance as required by law; and

WHEREAS, the City Council now deems the provisions of the present zoning regulations inadequate, because of changing conditions since its passage, to accomplish the foregoing objectives, and that said Title 17 shall be amended and superseded by the provisions of this ordinance; and

WHEREAS, the City Council finds that sign regulations enhance the economic viability of the community, while protecting the City and its citizens from a proliferation of signs of a type, size, number, location and character that would adversely impact upon the aesthetics of the community or threaten the health, safety and welfare of the community; and

WHEREAS, the City Council finds that the appropriate regulation of the physical characteristic of signs in the City and other communities has had a positive impact on the safety and the appearance of the community; and

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BENBROOK, TEXAS:

SECTION 1

That Chapter 17.92 – Sign Regulations of Title 17 – Zoning of the Benbrook Municipal Code (1985), as amended, is hereby amended by replacing Chapter 17.92 – Sign Regulations in its entirety to provide the following:

17.92.010 Purpose.

- A. The purposes of these sign regulations are to provide uniform sign standards that:
1. Promote community pride and a positive image of the City;
 2. Protect the rights of persons and business to freedom of speech under the State of Texas and federal law;
 3. Ensure consistency with State statutes relating to sign regulations;
 4. Facilitate Economic Development;
 5. Reduce the confusion and traffic hazards that result from excessive and prolific use of sign displays;
 6. Promote public safety and protect persons and property by ensuring that signs do not create a hazard by:
 - a. Collapsing, catching fire, or otherwise deteriorating or decaying;
 - b. Confusing or distracting motorists; or
 - c. Impairing a driver's ability by obstructing the awareness or visibility of pedestrians, obstacles, or other vehicles, or to read traffic-control devices or signs;
 7. Control the number, size, height, location, lightning, and design characteristics of signs to avoid visual clutter which leads to a decline in the community's appearance and property values, and reduces the effectiveness of the signs;
 8. Clearly identify various sign types by their physical and structural characteristics in order to make the regulations easier to use, while promoting the City's goals and objectives relating to the design, appearance, and economic effectiveness of signs;
 9. Address the latest and emerging technologies in the sign industry, such as electronic message centers and other types of illuminated signs, in a way that allows persons and businesses to convey and communicate while also:
 - a. Protecting the use and character of neighborhoods;
 - b. Enhancing the function and appearance of the City's commercial corridors; and
 - c. Promoting the City's character and design objectives; and
 10. Implement the City's Comprehensive Plan;
 11. Coordinate the City's sign regulations with the applicable zoning districts in order to protect and promote the purpose and character of those districts.
- B. These regulations do not regulate every form and instance of visual communication that may be displayed anywhere within the City. Rather, they are intended to regulate those forms and instances that are most likely to meaningfully affect one or more of the purposes set forth above.
- C. These regulations do not entirely eliminate all of the harms that may be created by the installation and display of signs. Rather, they strike an appropriate balance that preserves ample channels of communication by means of visual display while still reducing and mitigating the extent of the harms caused by signs.

17.92.020 Substitution of noncommercial messages

- A. Subject to the property owner's consent, a commercial message or noncommercial message of any type may be substituted for any duly permitted or allowed noncommercial message provided that the sign structure or mounting devise is legal without consideration of message content. Such substitution of message requires a sign permit, unless otherwise allowed by this chapter. This provision prevails over any provision to the contrary in this ordinance. The purpose of this provision is to prevent any inadvertent favoring of a commercial message over a noncommercial message, or favoring of any particular noncommercial message over any other noncommercial message. This provision does not

create a right to increase the total amount of signage on a parcel, nor does it affect the requirement that a sign structure or mounting device be properly permitted.

- B. All noncommercial messages are considered on-premises signs and are entitled to the privileges that on-premises signs receive under this Title.

17.92.030 Definitions.

“Abandoned sign.” Any sign which, for at least six continuous months, does not serve a bona fide purpose or for which no legal owner can be found.

17.92.110 Non-conforming signs.

- A. Signs lawfully in existence on the date the provisions of this chapter are adopted that do not conform to the provisions of this Title, but which were in compliance with the applicable regulations at the time they were constructed, erected, affixed, or maintained, must be regarded as non-conforming.
- B. Non-conforming signs may continue in use; however, any sign which is rebuilt, relocated, modified, enlarged, extended, altered other than by normal maintenances to the configuration existing at the time it was legally constructed must conform to the regulations of this chapter. Individual sign panel changes on freestanding signs may be allowed, with an approved sign permit, so long as the sign's location, height, cabinet(s), basic construction, and other significant characteristics remain unchanged and the total sign area does not increase.

- C. Zoning Board of Adjustment (ZBA). The ZBA may authorize the alteration or reconstruction of a nonconforming sign provided such reconstruction does not, in the judgment of the board, increase the degree of nonconformity of the sign and that the long-term goal of bringing signs into compliance is achieved. Applications for authorization under this section are subject to the same fees as a variance.

17.92.120 Abandoned or discontinued signs.

- A. Removal of Abandoned or Obsolete Signs: Any sign, which the building official determines is abandoned or no longer serves a bona fide purpose or use conforming to this Title, shall be removed by the sign erector, owner or lessee of the land, buildings, or structure upon which the sign is located within ten (10) days after written notification to do so from the building official. Upon failure to comply with such notice, the building official is hereby authorized to cause the removal of such sign and any expense incident thereto shall be paid by the sign erector, owner or lessee of the land, building or structure to which such sign is attached or upon which it is erected.

17.92.130 Enforcement.

- A. The building official, or designee, is hereby authorized and directed to enforce all the provisions of this Chapter.
- B. The Responsible Party is responsible for compliance with this Chapter.
- C. Signs Forfeited: Any sign installed or placed on public property, except in conformance with the requirements of this chapter, shall be forfeited to the public and subject to confiscation. A violation of this provision is subject to a fine as provided in Section 17.104.020 of this Title. In addition to other remedies hereunder, the City shall have the right to recover from the owner or persons placing such a sign the full costs of removal and disposal of such sign.
